

PRODUCT FEATURES AND BENEFITS:

- One piece innovative clamping structure.
- Hassle free mechanical installation.
- Multi outlet application.
- Time saving of up to 50% compared to conventional type.
- Cost effective.
- Industrial design pending.

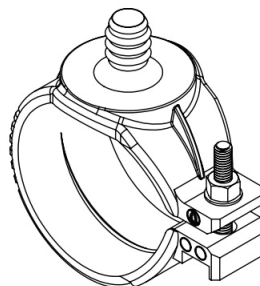

**Clamp Saddle c/w
Compression Outlet**

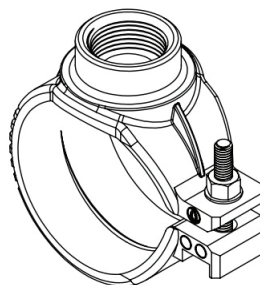

A

**Clamp Saddle c/w
Tubing Outlet**

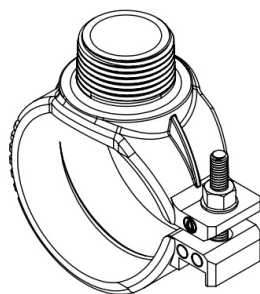

B

**Clamp Saddle c/w
Female Thread Outlet**

C

**Clamp Saddle c/w
Male Thread Outlet**

D

Product Description	Main Pipe (OD)	Size (mm)	*	Material	Reference Standard
A Clamp Saddle c/w Compression Outlet	50mm & 63mm	20mm / 25mm & 32mm	PN10	Polypropylene (PP)	ISO 13460-1:2015
B Clamp Saddle c/w Tubing Outlet		16mm & 20mm			
C Clamp Saddle c/w Female Thread Outlet		½", ¾", 1"			
D Clamp Saddle c/w Male Thread Outlet		½", ¾", 1"			

* Working pressure : PN 10, recommended for Agriculture, farming and irrigation segmentation.
 Remark : Products Tested in house laboratory compliance with safety factor 1.5 times.
 Malaysia industrial design pending.
